Respected sir,

The department of Electronics and Telecommunication Engineering, P. R. Pote college of Engineering and Management, Amravati is organizing a one week online STTP on "Multidisciplinary Applications of MATLAB in Engineering" from 24th June to 29th June 2022.

We would like to organize this STTP in collaboration with IETE, Amravati. So please give us permission to use the logo of IETE and also we request you to sponsor the event. Your contribution and involvement in enriching the event will be appreciated.

We look forward to seeing you at the event.

Hoping for kind consideration.

Thanking you.

Area of Specialization **Machine Learning**

Duration of the program **One week**

Proposed dates for the Program From: **24 June 2022 to 29 June 2022**

Significance & Objectives of the Program

This STTP is to provide Knowledge on new emerging technologies and applications of MATLAB and hands on same. The lectures will be delivered by distinguished experts in Machine Learning and Deep Learning. This one-week STTP will include lectures & hands on training on MATLAB and SIMULINK

Sr. No.	Topics	Duration in hours
1	AI & Machine Learning using MATLAB	3.Hr
2	Introduction to SIMULINK & Simscape	3.Hr
3	Learning Robotics with MATLAB & SIMULINK	3.Hr
4	Control system using MATLAB and SIMULINK	3.Hr
5	Image Processing with MATLAB	3.Hr

Resources Details

Day 1: Dr. Pratyush Roy

Customer success engineer- MathWorks

Relevant for: Faculty and researchers interested in teaching or conducting research in Data Analytics and Machine Learning using MATLAB.

Agenda

Day 1	<ol style="list-style-type: none">1. Introduction and Overview of Machine Learning2. Applications of Machine Learning3. Demonstration of Classification Problem using MATLAB4. Demonstration of Regression Problem using MATLAB
	<ol style="list-style-type: none">1. Introduction to Deep Learning2. Exploring a pre-trained network for classification3. Building a network from scratch and training it4. Transfer learning to adapt to custom problems

Prerequisites:

- Prior knowledge of some basic statistics and mathematics is nice to have.
- Basic exposure to MATLAB as a programming language is expected. If you are completely unaware of MATLAB, consider going through the free MATLAB Onramp course on: [MATLAB and Simulink Training \(mathworks.com\)](https://www.mathworks.com/onramp).

Outcome:

After attending this workshop, attendees should be able to:

1. Know at a high level – some functionality that MATLAB offers to work with Data in general.
2. Be aware of the types of machine learning systems one can build.
3. Learn how MATLAB can be used to teach a semester long course in these topics.

Short Presenter Bio:

	<p>Pratyush Roy works as part of Education Team, MathWorks India. In this role, he collaborates with students, researchers and faculty members from different institutes for various research and curriculum engagements. He is passionate about technologies related to Data Science and Signal Processing. He has an interdisciplinary background with Bachelor's Degree in Electrical Engineering from Jadavpur University followed by a Master's Degree in Signal Processing from IIT Guwahati.</p> <p>Profile: https://www.linkedin.com/in/proy-256b0</p>

Day 2

Mr. Kunal Khandelwal

Mr. Kunal Khandelwal is an Application Engineer – MathWorks at Design Tech System Pvt Ltd. He more than 10 years of experience. He has worked in academia as Assistant Professor and researcher. Kunal has earned his Master's degree in Electronics and Telecommunication (VLSI & Embedded) from SPPU University, Pune and is currently pursuing PhD. His interest is in Model Based Design and Artificial Intelligence. He 10+ papers publications in journals and Conference.

Day 3

Dr. Dhruv Chandel

Dr. Dhruv Chandel is a Senior Team Lead with the Education Team at MathWorks, the creators of MATLAB and Simulink software.

The MathWorks Education Team works with universities, government bodies, and industry partners to modernize engineering education in India. In particular, they support the adoption of Computational Thinking and Model-Based Design in teaching and research.

Dhruv has close to ten years of experience in Mathematical Modelling, Simulation & Control System Design, Robotics, and Artificial Intelligence. He previously worked as a researcher in academia as well as in industry, including four years with a startup renewable energy company in London.

Dhruv earned his Master's and Ph.D. degrees in Mechanical Engineering from the University of Bath, UK.

Day 4

CH Ravindar Reddy

CH Ravindar Reddy, Application Engineer, DesignTech Systems Private Ltd.

CH Ravindar Reddy is an Application Engineer with DesignTech Systems Private Ltd. specializing in the areas of Modelling, Simulation, Controls and Real-Time Simulations. He closely works with customers from Defense Labs and other Education Institutes in helping them adopt Model Based Design approach using MathWorks Products. He has over 11 years of experience working in controls for Automotive, Aero and Renewable Energy domains.

Ravindar holds a Bachelor degree in Electrical Engineering from JNTU, Hyderabad and Master's degree in Power Electronics from JNTU, Hyderabad.

Day 5

Mr. Shashank Biradar

Name: Mr. Shashank Biradar
Designation: Assistant Professor
Qualification: Ph.D.(Pursuing), M.Tech.(Electronics), B.Tech. (E&TC)
Research Interests: Biomedical signal processing
Email ID: shashank.biradar@vsnl.com

Brief Profile :

Shashank D. Biradar received his B.Tech [Electronics and Telecommunication Engineering] in 2008 and M.Tech (Electronics) in 2010 from Shri Guru Gobind Singhji Institute of Engineering and Technology, Nanded. He worked as MTech Project Trainee at R&D lab of CEERI-PILANI (Central Electronics Engineering Research Institute -Pilani, Rajasthan, Govt. of INDIA Enterprise, Lab of CSIR), on design & development of Application based RTOS and porting Application based RTOS on FPGA. He has total experience of six years. He teaches Embedded Systems and Real Time Operating System, Digital Image Processing, Network Analysis, Test and Measurements Systems and Basic Electronics Engineering to graduate students. He is ISTE Life Member (LM75660) and IEEE Professional Member (Member ID: 93737817). He worked as Principal Investigator for research project funded by BCUD, Pune for year 2013-2015. His areas of interest include Biomedical Signal and Digital Image Processing
