Subject : Request for Approval and sanctioning budget of Short Term Training Programme on "Modern Tools for Electronic Circuit Design and Signal Processing Applications" organized by Dept. of Electronics & Telecommunication Engg.

R/Sir,

A proposal with above mentioned subject, the Dept. of Electronics & Telecommunication Engg. is organizing One week online Short-Term Training Programme (self-finance) on "Modern Tools for Electronic Circuit Design and Signal Processing Applications" schedule from 01st June to 6th June 2021. The detailed copies of STTP proposal and estimated budget are attached herewith for your kind perusal.

You are kindly requested to approve and sanction the estimated budget for proposed short term training programme.

COURSE DETAILS																	
1	Significance & Objectives of the programme (list one or two major objectives)	Overall the course is designed to give equal emphasis on the fundamentals as well as on the advanced level topics in the areas of digital signal processing, digital Image processing & Electronic circuit design using Mentor DSP & Microwind. This training Program provides opportunities to work in major areas of Signal Processing & Networking. This short term course is highly useful for electronics, electrical, and computer engineers with some knowledge on digital signal processing concepts. Objectives of STTP • To introduce standard tools and techniques for the design of Electronic circuit design. • To understand the concepts of modern tool for the signal processing applications. • To understand appropriate use of various concepts for specific applications in Digital Image processing. • To develop a fundamental Computing in the concepts of device modeling.

Sub. : Sanction to conduct full time Short-term Training Programme on Self-financing basis for the financial year 2021-2022.

Sanction is hereby accorded to the following institution for the conduct of the Online/SF-STTP/FDP programme indicated below:

Name of Institution	:	PR Pote (Patil) Education & Welfare Trust's Group of Instt. College of Engg. & Mgt. Amravati - 444 203
Topic	:	Modern Tools for Electronic Circuit Design and Signal Processing Applications
Name & Address of Coordinators	:	Dr. Rahul D. Ghongade Dr. Gopal D. Dalvi Asst. Prof. Asst. Prof.
Duration	:	One Week (Minimum 05 Working Days)
Proposed dates	:	01-06-2021 to 06-06-2021

Terms and Conditions

The institution offering the Programmes should be approved by AICTE and must be Institutional Member of ISTE. Institutions having ISTE Faculty Chapter and Students Chapter shall be preferred. There will be no financial commitment on the part of ISTE on account of this programme. The fee of one **proposal is Rs. 1180/- (Incl. 18% GST)** paid by DD in favour of ISTE New Delhi along with proposal or by NEFT/RTGS in the following ISTE Account **(Name of Account: ISTE Membership Fee, Account No: 6707247614 Bank: Indian Bank IFSC Code: IDIB000M089 Branch: Mehrauli Road New Delhi).**

- 1 This will be a online program of the duration of 1 week/2 weeks/4 weeks.
- 2 The registration fee of the participants may be fixed by the host institution.
- 3 ISTE Life membership is necessary for participants to attend SF programmes. However, If any participant is not having life membership he/she may take the membership of ISTE before the starting of the course and apply by paying the fee to the course coordinator at the spot before the commencement of the programme. The Life Membership fee is Rs. 3540/- (Incl. 18% GST) to be paid by DD in favour of ISTE New Delhi or by NEFT/RTGS as per above Account details.

- 4 The final report as mentioned in these guidelines is to be submitted online to ISTE within 15 days after completion of the Programme.
- 5 The institute should ensure that the Resource Persons should be well known personalities having thorough knowledge and he/she should be from an Institute or Industry.
- 6 **Since it is an Online program, e-Certificate to ISTE Life Members will be issued by ISTE from this office. Operational and processing fee of Rs. 100 +18% GST (Total Rs. 118/-) will be charged per participant. Institute conducting the program will collect the fee from participants and will send it to ISTE by DD or NEFT/RTGS with list of participants with their ISTE Life Membership Number. Institute conducting on line program will not issue Certificates with ISTE logo to Participants. Course coordinator is requested to ensure the same and attach payment proof or UTR number.**
- 7 **At least one test at the end is to be conducted to judge the performance of participants. Institute can conduct more test, if they desire. Attendance and successful completion of Test conducted is mandatory to receive certification by ISTE. Co Ordinator should ensure this while submitting list of participants to ISTE.**
- 8 **The Digital e-certificates to eligible participants will be sent by ISTE Delhi through organizing Institute.** The certificate contains the ISTE logo at the top. The digitally signed e-certificates will bear the Signatures of Executive Secretary, ISTE.
- 9 Above terms and conditions are applicable to Online Programs only.

About the Institution

P. R. Pote (Patil) Education & Welfare Trusts Group of Institutions, Amravati is a foremost name in higher education in Maharashtra. The Group offers UG, PG and doctoral courses in

and B.Sc. courses in various fields. The Group includes Dr. M. R. Patil, B.A., M.A.,

Polytechnic, B. Arch, B. Ed, B. Pharm, D. Pharm, B.Sc. (Agriculture) and CBSE schooling. By the

blessings of Shri. Sanjay Mahara, we aim at developing a pursuit of knowledge in students' commitment to economic, social & cultural upholding of masses. The Institute named

PRCEM highly believes in nurturing ethics and moral values in students. The Institute has

dedicated teaching staff, digital classrooms, Wi-Fi campus, training school, Placement cell, state-of-art, auditing, well equipped laboratories and digital library with quality infrastructure. Our constant endeavour is to provide gamut of opportunities for our students to make them of skilled engineers, top class managers and also good citizens.

About the STTP

The course is designed to give equal emphasis on the fundamentals as well as on the advanced level topics in the areas of

Vision and Mission of the Institution

Vision of the Institution

To flourish as a centre of excellence for producing the skilled technocrats and committed human beings.

Mission of the Institution

- To create conducive environment for teaching & learning.
- To impart quality education through demanding academic programs.
- To enhance career opportunities by exposure to industries & recent technologies.
- To develop professionals with strong ethics and human values for the betterment of society.

Vision and Mission of the Department

Vision of the Department

To become a center of excellence in Electronics & Telecommunication Engineering to produce quality, self-motivated, creative and ethical engineers.

Mission of the Department

- To provide basic and advance knowledge of the students in Electronics & Telecommunication Engineering.
- To strive towards efficient industry-institute interaction and academic excellence.
- To inculcate awareness towards social needs and environmental issues.

VLSI EDA Tools	FinFET, MICROWIND (Back End Layout designing), Cadence Virtuoso
VLSI Front End	Xilinx with MATRIX-II Board, vertex-5, Spartan-6 (Verilog & VHDL)
Analog Platform	FPAA (Anadigm designer 2)
DSP Platform	Mentor DSP
RPD	Rapid Prototyping with 3 D printer

Work Experience:

- Working as a technical consultant for Prowiz Systems, Pune and EDAS Technology, Nagpur.
- Worked as technical host for more than 400+ national/State/College level workshops, seminars and faculty improvement programs, STTPs for engineering colleges.
- Leading "Industry Academy gap reduction cell".
- Has designed structure for various university program.
- Currently heads the team of application and design engineers in the company.
- Member of industry-interaction department in engineering colleges.
- Published 7 international journals papers on current VLSI trends.

PROJECTS UNDERTAKEN

VLSI Front End & Back End

Tools	Microwind 3.8 FinFET 14 nm and Matrix-II Board
Team Size	12
Client	Educational Institutes and MSMEs
Duration	03 May 2011 - Till Date
Description	Microwind is the VLSI back end layout designing tools which plays a vital role in understanding basic concepts of chip layout designing and simulation in deep submicron CMOS design. Front end development using Matrix-II board, Dumping and verification on FPGA and CPLD.
Role	1. Responsible for designing and verification of all VLSI based projects undertaken by engineering institutes all over India. 2. Provides the development requires for tool. 3. Providing Demos and presentations. 4. Providing Technical Support. 5. Handling National Level STTPs, FDPs and Workshops.

Analog Designs – Field Programmable Gate Arrays (FPAA)

Tools	Anadigm Designer Tool
Team Size	8
Client	Educational Institutes & MSMEs
Duration	10 DEC 2011 - Till Date
Description	Anadigm is high performance and fast developing analog design board. It can be programmed using software called Anadigm. We can directly modify the design in the

software and can programmed board for the same application. It increases the speed of your analog design.

Role

1. Responsible for designing and verification of all Analog based projects undertaken by Engineering institutes all over India.
2. Provides the development requires for tool.
3. Providing Demos and presentations.
4. Providing Technical Support.
5. Handling National Level STTPs, FDPs and Workshops.

Digital Signal Processing

Tools Mentor DSP and Trainer Board

Team Size 5

Client Educational Institutes & MSMEs

Duration August 2012 - Till Date

Description

Mentor DSP is an easy to use, interactive software tool cum learning resources for various signal processing techniques. Mentor DSP achieves the perfect balance between theory and practicals making DSP accessible to beginners without ever complicating it.

Role

1. Responsible for demos and training to Engineering institutes all over India.
2. Provides the development requires for tool.
3. Providing Technical Support.
4. Handling National Level STTPs, FDPs and Workshops.

ABOUT

An engineer by heart with passion to bring educational reform for future generations. After working few years, founded ni2designs with distribution and design profile. Have developed many VLSI & Embedded products, and completed many DRDO projects with versatile skills. Always been inclined towards upliftment of engineering education, and have conducted numerous workshops, seminars and faculty improvement programs towards this. Been member of industry-interaction department in few engineering colleges, and still working towards to make a difference in industry and education.

BRIEF OVERVIEW

- Strong experience in project and team management
- Have handled multiple level of projects with team size from 2 to 120.
- Well familiar with technologies like VLSI, instrumentation, processors, IOT, communication, DSP, with specialization in micro-electronics.
- Conducted various training programs imparting training to students and professionals
- Technically strong with high grasping power for new technologies.
- Strong communication, presentation and inter personal skills.

Processing Applications"

01/06/2021 to 06/06/2021

Organized by,
Department of Electronics & Telecommunication Engg.
P. R. Pote (Patil) Education & Welfare

The Short-Term Training Program on "Modern Tools for Electronic Circuit Design and Signal Processing Applications" had been successfully organized by Department of Electronics & Telecommunication Engg.

P. R. Pote (Patil) Education & Welfare
Trust's College of Engineering & Management, Amravati from 1st June - 6th June 2021. The self-sponsored Two-week course had been organized by faculties members: Dr. Rahul Ghongade (HoD, ExTc) and Dr. Gopal Dalvi, Dean (Academics).

Organized By
Department of Electronics and Telecommunication Engineering,

Balhar:
Hon'ble Prof. Pravin Kumar R. Pote
President, PRPEWT
Hon'ble Shri. Suresh A. Pote
Vice-President, PRPEWT
Hon'ble Dr. S. A. Ladhake
Director, PRPEWT

General Chair:
Dr. A. V. Kale,
Principal, PRPEWT
STTP Coordinator:
Dr. R. D. Ghongade
Pr. D. Dalvi

Approved By AICTE & Affiliated to Sant Gadge Baba Ambedkar University

Objectives of this STTP:

- To introduce standard tools and techniques for the design of Electronic circuit design.
- To understand the concepts of modern tool for the signal processing applications.
- To understand appropriate use of various concepts for specific applications in Digital Image processing.
- To develop a fundamental Computing in the concepts of device modeling.

Program Details

The course commenced with Inaugural Function on 01st June 2021 online with the benign presence of Chief Guest Dr. S. A. Ladhake, Director of PRPGI, and a Guest of Honour Dr. A. V. Kale, Principal, P. R. Pote (Patil) College of Engineering & Management, Amravati and STTP Coordinators Dr. R. D. Ghongade & Dr. G. D. Dalvi and various participants from intra as well as inter colleges.

The ceremony started with a welcome of Chief Guest. Later Chief Guest officially inaugurated the Program with a keynote. Program Coordinator Dr. R. D. Ghongade explained the need of arranging the STTP and its features. He also discussed the one-week schedule of program and highlighted the important keynote speakers.

At Day 1, session started with Speaker Mr. Vinay Sharma, Technical Director, Ni Logic Pvt. Ltd., Pune, with topic "Programming & Applications of Mentor DSP for Digital Signal Processing". He explained the various applications of Mentor DSP tool with hands on demonstration can be useful for effective delivery.

At Day 2, session started with Speaker Mr. Vinay Sharma, Technical Director, Ni Logic Pvt. Ltd., Pune, with topic "Programming & Applications of Mentor DSP for Digital Image

Processing." He explained the various applications of Mentor DSP tool with hands on demonstration before participants.

At Day 3, session started with Speaker Mr. Shrikant Atkarne, Head, Technical, SparthaSoft Technologies, Pune, with topic "CMOS VLSI design and basics design techniques using Microwind". He explained CMOS VLSI design and basics design techniques using Microwind.

At Day 4, session started with Speaker Mr. Shrikant Atkarne, Head, Technical, SparthaSoft Technologies, Pune, with topic "Digital CMOS circuit design and optimization". He explained CMOS circuit design and optimization using Microwind, demonstrated project-based activities and case studies can be useful for students to enhance their practical skills.

At Day 5, session started with Speaker Prof. R. D. Sushir, Assistant Professor, PRPCEM, Amravati with topic "Hands on training session Mentor DSP". He has conducted hands on session nicely with various practicals.

At Day 6, session started with Speaker Prof. A. R. Pawade, Assistant Professor, PRPCEM, Amravati, with topic "Hands on training session designing and simulating electronic circuits using Microwind". He explained the various examples of CMOS design using Microwind tools, and optimization techniques.

At day 6, STTP commenced with Objective Test Examination, in that participants were given the Test paper and asked to submit it with their responses. Further participants were asked to give genuine feedback on the organised program and asked to give fair suggestions for further improvement.

Finally, the course was formally wrapped up with Valedictory ceremony on 6th June 2021, in the presence of participants and distinguished faculty members. The course content, its delivery and other facilities were rated adequate through online google sheet feedback of participants. In concluding part of the ceremony, vote-of-thanks was given by Dr. G. D. Dalvi, the Programme coordinator. The entire course ended with National Anthem.
